Business – Science – Government Partnership: Fostering Country Competitiveness

<http://conference.tvm.lt/en>

We kindly invite you to submit a paper for the conference "Business – Science – Government Partnership: Fostering a Country's Competitiveness" which will take place on 21st – 23rd of September 2011 at the International Business School a part of Vilnius University, in the capital city of Lithuania. The conference is co-organized with the EuroMed Research Business Institute (EMRBI), the Lithuanian Business Confederation: ICC Lithuania, the Lithuanian Institute of Public Administration, Northtown Technology Park, Sunrise Valley Science and Technology Park and Work and the Labor Research Institute.

The main objective of the conference is to promote partnership between science, business, government and non-governmental institutions trying to foster sustainable development and competitiveness of countries. A secondary goal is to show the international business community that, indeed, the social sciences are well prepared to create a valuable vision - and products - that can be successfully marketed by businesses as well as governments.

Scientists and practitioners are encouraged to submit a paper for the conference. Although the conference focuses on applied presentations, theoretical papers are welcomed as well.

Conference Tracks:

1. Business-Science partnership
